

CICS West Belden

September 2016 Bulletin

A Note from Ms. Collins

Dear WB Families,

I am very excited about the start of our 2016-2017 school year! I would like to thank all of you for your ongoing support and involvement here at school. It truly makes all the difference!

Our theme this year will continue to be: "We can and we will!" We have identified 3 goals and focus areas for CICS West Belden this year:

1. We can and we will sustain the most positive teaching and learning environment possible.
2. We can and we will provide a personalized learning experience for all students and all teachers.
3. We can and we will build strong partnerships among all staff members and families.

These school goals will continue pushing us to be the best that we can be for your children! Our students worked hard to reach their personal academic goals last year, and we saw tremendous growth. I look forward to continued success this year!

Sincerely,
Ms. Colleen Collins
Director, CICS West Belden
